Newsletter

FROM THE CHAIRPERSON' DESK

Congratulations to all on the occasion of Independence Day. The newsletter has come out on the appropriate day.

This year has seen many good things. In board Examination, Ms Aditi Goel of class XII and Ms Ojusvi Aneja of class X have topped the school with 99.8% marks. My heartfelt congratulations to the students, teachers and the parents for the great achievement. I wish and hope that we'll get the result like this every year.

It is very sad to mention that school has lost a very senior English teacher, Mr. Z. Ali. We pray to almighty to rest his soul in peace and give strength to the family to bear the irreparable loss.

During this pandemic, school has seen many ups and down. Covid has really hit the world but we all faced it bravely. We should all fight out with strength by following the COVID protocol.

I appreciate the principal, staff, students and the parents' efforts. I wish all the best to all of you for further endeavour. I hope the school reopens and we all put in our best.

All the best, God bless you all.

ACHIEVERS' REFLECTION

It is a matter of great pride and joy for me as I have secured 99.8% in CBSE 12th Board 2021. I am very thankful to all my teachers and the school who helped me to achieve this target. Without their guidance and support it would have never been possible in this time of pandemic.

You don't have to study for hours. Just be consistent and revise all those topics you feel are difficult. Never rely on tomorrow and study every day with a set target- this was my main motto and this is how I motivated myself throughout the year. We should everyday wake up with a determination and sleep with satisfaction. My school teachers were very helpful as they taught me everything with patience. It's because of their perseverance, hardwork and nurturing .

At last, once again I want to thank from the deepest part of my heart for the unconditional love and support of my teachers.

Sincerely,
Aditi Goel

School is a building which has four walls with our future inside. School is a place from where we begin our true journey of life. It is not just a place to gain academic knowledge but a place where we develop our behaviour and become a good human being. The teachers in the school are not less than our parents. They are the ones who keep a check on us and help us to develop discipline and etiquette. They motivate us to thrive and make our life a beautiful and a memorable one. They always stand by us and guide us in all aspects. A huge part of a student's success goes to the teachers. The contribution of the teachers is under-rated but it has great significance.

Thanks for your support.

Sincerely,
Prerak Gupta

School is a place where we grow and learn various things. It is the best place for a student to learn various valuable things which help us to get success in the outer world. But in today's time students face a very common problem. They are not able to focus on their studies, they usually get exhausted while doing so. To avoid this Students should take frequent breaks ,listen music ,sleep because when you wake up you feel fresh.

Focus on being productive instead of busy. One should always focus on smart study. It is far more better than long hours continuous study.

At the end I would like to say that whether you're a school-going kid or a business owner, you lose the track and feel demotivated somewhere in life. But never lose hope, work hard and achieve your goal.

Sincerely,
Shivam Ahuja

Persistence , hardwork and determination make an unbeatable combination for success. Don't focus on the number of hours we put in , focus more on the quality of the outcome. Quality over Quantity. Don't be afraid of failure. What you do next after failure is what defines you. It might happen to you , it might happen to me. Instead of sitting on your hands and saying 'I can't do it again', find the courage within you and say 'What can I do differently to overcome it ?'

How do you look back at your mistakes and not repeat them will make you stand out from the crowd.

Always remember the golden line that 'You should do your best and leave the rest to God. His plans are better than ours'.

Sincerely,
Ojusvi Aneja

Independence Day

The Independence Day of India is celebrated on 15th August annually. It is a national festival of India. It is a special day for every citizen of India. This year we are celebrating our 75th Independence Day. It was the day in 1947 when India had gotten freedom from the British Empire. On this auspicious day, our honourable Prime Minister first unfurled the flag at historic Red Fort in New Delhi and reciting our national anthem and delivering his annual speech which includes significant accomplishments in the past, about our goal, about vision. Paying tribute to the freedom fighters of India should be our primary objective of the day. India couldn't be free from the British Empire without the struggle of those patriots. Our younger generation should know about them. The celebration of the day can also help in filling patriotism in the younger generation of the nation. The flag hoisting ceremony on Independence Day is compulsory in every government office across the nation. The cultural programs presented by students bring awareness among people. They also present the cultural diversity of India and make us feel proud of our 'Unity in Diversity'. This Independence Day we should dream of India which is strong and powerful and have the capability to face any problem with unity.

RAKSHABANDHAN

Raksha Bandhan is an Indian festival through which brothers and sisters display their love and affection for each other. It is generally celebrated in the month of August which is also known as Shravan month according to Hindu calendar. On this day, a sister ties a sacred band on her brother's wrist and pray for his well being. In return, her brother gives her gifts and take an oath to protect her lifetime. According to the Hindu mythology, Draupadi tore the corner of her saree to prevent Lord Krishna's wrist from bleeding which in turns, created a bond of brother and sister between them. That's why Lord Krishna promised to protect her throughout his life. Brahmins also change their sacred thread (janeu) on this day. In India people celebrate this festival with great enthusiasm. Nowadays, many colourful rakhis along with sweets and chocolates are sold in the market. Many state governments also provide free one day bus transportation to all the women. In conclusion, we can say that this festival strengthen the bond of sister and brother. Moreover, this festival renews and regenerate love and happiness in the whole family also.

SUHANI PAREEK (X-C)

JANMASHTMI

Krishna Janmashtmi, simply known as Janmashtami, is an annual Hindu festival that celebrates the birth of Lord Krishna, the eighth Avatar of Lord Vishnu. It is celebrated on the eighth day (ashtmi) of the Krishna paksha in Bhadrapad. Lord Krishna was born in prison to Vasudeva and Devaki. Since his parents were prisoned by Devaki's brother Kansa. Kansa learned from the gods that the eighth child of Vasudeva and Devaki would kill him. However, Kansa killed all the seven children. Lord Krishna was born as the eighth child in the month of Bhadon. Before Kansa could kill Krishna, Vasudeva fled from the prison and gave Krishna to his friend, Nanda. Nanda belonged to Gokul and Krishna grow up in Gokul. On this day, people perform pujas at their houses or in temples. There are defined rituals for Janmashtmi. People decorate their houses with lights, flowers, and make rangoli. Sweets are offered to God and then distributed as Prasad. People place the photo of Lord Krishna in the middle of the Rangoli and worship. Women sing Krishan Aarti and perform dance.

Since, Lord Krishna loved to eat Makhan, people also play a game called matka phor. In this, people used to hang pots filled with butter and milk in the streets on the poles, men make pyramids to reach and break the pots. It is a very popular game in India, many people come to see it.

HAPPY JANAMASHTMI

OBITUARY

In Memory

Mr Zulfiqar Ali, our English teacher left us for his heavenly abode on 24th May 2021 after serving the institution for many years.

He was not only an excellent teacher but also a nice human being.

We pray for the peace and salvation of the noble soul.

Our deepest condolences

Rainbow family
